

# YaraTera<sup>®</sup> KMAX 0-0-28.3

**Guaranteed Analysis:**

Soluble Potash (K<sub>2</sub>O) .....28.3%

**Derived from:** Potassium Formate.

**Density:** 11.2 pounds per gallon at 68°F.

**Directions for Use:**

Use in accordance with recommendations of a qualified individual or institution such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Do not mix in concentrated form with any other tank additive without first adding water. Recommended mixing sequence: water, adjuvants, pesticides, YaraTera KMAX, other fertilizers, then agitate. A standard jar test is recommended before tank mixing.

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.

Handle this product properly. To assure optimum quality and performance: use clean, dry and well maintained equipment.
